Good evening everyone! Welcome to the annual Brady Action Awards. Tonight we gather to honor those who use their influence, their passion, and any channel they have at their fingertips to move America closer to the life we all envision - one without gun violence.

Tonight we are a family, and every family member brings a different dynamic and gift to win a war that no one in this country can afford to lose - the war that will free our country from the scourge of gun violence.

This war is being fought on our own soil, and in every town, city, and state in the union. The irony is that the majority of those living in our country firmly support common sense solutions such as expanding Brady background checks, banning assault weapons and high capacity magazines, and ensuring that guns can be temporarily removed from the home if the owner is in danger of harming themselves or others.

So, if everyone wants the war to end, why does it still rage on? Why do we still lose on average 100 lives a day to gun violence? 100 a day. Remember that number. It’s why we all do whatever we can to make a difference. We all see what needs to be changed and know that it’s just beyond our fingertips.

Well, the time is now...tonight! Your passion, your time, your talent, and your treasure are desperately needed to make a country in which we can all safely live. It’s in our hands. What was once a dimly flickering light is shining stronger than ever. The Brady Action Awards are about hope and promise. They’re about celebrating survivors and activists and those who have just said “Enough!” In the face of a renewed spate of high profile mass shootings, we saw President Biden take bold steps to change the face of gun violence in our nation. But, we need to see that same bold action taken on so many other fronts and by so many others with the power to make real change.

Thank you for joining us. Not only tonight but in the longer campaign. And, as we celebrate those being recognized, we invite you to please give. Give not only in honor of those we’ve lost, but give so we lose no more.

Thank you for all you do to make the war against gun violence one that we will win. I’m proud to fight alongside you.

With gratitude,
Kris Brown,
President, Brady
The Quinn Family wants to thank all of our wonderful honorees, presenters, staff, donors, trustees and supporters for helping to make this the safer country that we all deserve!

WHEN THOUGHTS AND PRAYERS DON’T STOP GUN VIOLENCE, RAISE HEALTH

We’re proud of our visionary CEO Michael J. Dowling for calling on the health care community to come together and find solutions to combat gun violence in America. A recipient of the 2021 Action Awards, Mr. Dowling has shown us all what true leadership looks like, as he works to forge a path forward—and raise the health of a nation.
The Pritzker Military Museum & Library and Pritzker Archives & Memorial Park Center are proud to support the Brady Action Awards.

CONGRATULATIONS to the 2021 Brady Action Awards honorees and their commitment to end gun violence.

Together, we can take action and continue sharing resources to create a positive change in our communities.
